Reference	Strategic Plan 1.6		

### **Purpose**

A goal statement is a clearly articulated general statement that describes proposed actions that will move ESCC closer to the achievement of its vision.

### **Policy**

As part of the strategic plan for 2015-2017 the following goals were established:

- 1. Align ESCC's participation in Age Friendly Edmonton (AFE) with our vision, mission, member priorities and resources.**
- 2. Support ESCC members and other community providers.**
- 3. Promote ESCC and the Age Friendly movement.**
- 4. Maintain a strong and effective ESCC Board.**

### **Responsibilities**

ESCC Board of Directors will ensure that its goals are current and reflect the values and long-term focus of the organization. Development of goals and objectives will take place in consultation with relevant staff. Approval of all goals and objects is the responsibility of the Board of Directors.

### **Procedures**

The goals are revisited during the strategic planning activities of the Board of Directors and established through consultation with the membership, staff and key stakeholders.

Each goal describes what the organization wants to achieve and how it will do so. Each goal may also be detailed into smaller sub-components that will be referred to as objectives. Each objective may also have a detailed action plan (including a time frame and budget) developed to guide the actions of the organization.
